Day 1

Time	Speaker	Session Title
12:00	Andrei Capitanescu	Welcome & Opening remarks
12:10	Vanesa Bijol	Seeing the Unseen: Patterns of Renal Injury in Pediatric Glomerulopathies
12:40	George Terinte	Nephrotic Syndrome Under the Microscope: From MCD to FSGS
13:00	Vanesa Bijol	Flames and Crescents: Navigating the Landscape of Nephritic Syndrome
13:30	Coffee Break & Networking	
13:45	George Terinte	Histologic Crossroads: Patterns That Don't Behave
14:15	Mihaela Gherghiceanu	Bridging the Divide: Overlapping Nephrotic–Nephritic Patterns
14:45	Vanesa Bijol	Through the Tubules: Understanding TI Disease in the Young Kidney
15:15	All Faculty	Expert Panel Discussion & Case Reflexion
15:45	Coffee Break & Networking	
16:15	Laura Castellanos	From Hematuria to Harmony: Navigating Diagnosis in Nephritic Cases
16:45	Christine Sethna	Leaky Filters and Targeted Therapies: Rethinking Nephrotic Syndrome Care
17:15	Laura Castellanos	Beyond Supportive Care: Novel Therapies in IgA Nephropathy
17:45	All Faculty	Expert Panel Discussion & Case Reflexion

Day 2

Time	Speaker	Session Title
12:00	Adrian Lungu	The Rarity Within: Why Pediatric Nephrology Must Evolve
12:30	Todor Arsov	Genes and the Kidney: What Every Clinician Must Know
13:00	Flavia Haradja	Designing Possibility: Navigating Preimplantation Decisions
13:30	All Faculty	From Puzzle to Protocol: Real-World Questions, Expert Solutions
14:00	Coffee Break & Networking	
AstraZeneca Symposium – "The Evolving aHUS Story from Childhood to Adulthood		
14:15	Adrian Lungu	Paving the highway to treatment - short story
14:30	Adrian Lungu	Atypical HUS: When Complement Goes Rogue
15:00	Valentin Mocanu	Beyond Pediatrics: aHUS in the Adult Care Arena
15:30	Christine Sethna	Treating aHUS: From Complement Storm to Precision Care
16:00	All Faculty	The aHUS Debrief: Roads Taken, Questions Raised
16:30	Coffee Break & Networking	
Scientific session organized with the support of GenesisPharma		
16:45	Mariana Costin	Primary Hyperoxaluria: Early Clues & Diagnostic Pathways
17:05	Magdalena Starcea	Primary Hyperoxaluria: Treatment, Transplant & RNA Therapies
Scientific session organized with the support of Chiesi		
17:25	Andrei Capitanescu	Cystinosis: Spot the Crystals Before They Cloud the Story
17:45	Anca Croitoru	Cystinosis: Clearing the Crystals, Changing the Course
18:05	All Faculty	Panel Discussion: Your Questions, Their Answers

Day 3

Time	Speaker	Session Title
10:00	Christine Sethna	High Pressure, Hidden Damage: The CKD–Heart Connection
10:30	Cristina Filip	Left Unchecked: Why LVMI Should Be at the Heart of CKD Care
11:00	Alexandru Popescu	Echoes and Entry Points: Mastering Vascular Access in Tiny Vessels
11:30	All Faculty	The Pressure Panel: Your Questions, Their Answers
12:00	Lunch Break & Networking	
13:00	Laura Castellanos	Dialysis Is Not a Destination: Urgency in Pediatric Transplant Access
13:20	Corina Tincu	Fit to Transplant: What Makes a Child Ready?
13:40	Andreea Asavei	Thrombotic Risk in Pediatric Kidney Transplantation: The Role of Thrombophilia
14:00	Bogdan Bulata	A Legacy of Life: How Pediatric Transplant Became Standard of Care
14:20	All Faculty	Pediatric Transplant Unplugged: What You Always Wanted to Ask
14:40	Coffee Break & Networking	
14:55	Bogdan Sorohan	From Incision to Immunity: Framing the Pediatric Transplant Journey
15:05	Oana Moldoveanu	Surgical Aspects of Pediatric Kidney Transplantation: From Planning to Postoperative Care
15:25	Corina Tincu	Not If, but What: Induction Approaches When All Goes Well
15:45	Bogdan Sorohan	Immunological Risk Assessment in Pediatric Kidney Transplantation
16:05	Dorina Tacu	Early Warnings: Diagnosing the First Hurdles in Kidney Transplantation
16:25	All Faculty	Open Charts, Open Minds: Diagnosing and Managing Together

Day 4

Time	Speaker	Session Title
10:00	Bogdan Sorohan	Understanding and Managing Kidney Allograft Rejection
10:30	Lucia Mocanu	Growing with a Kidney Transplant: Long-Term Challenges and Opportunities
11:00	Florina Badea	Transition from Pediatric to Adult Kidney Transplant Care
11:30	All Faculty	Open Files, Honest Answers: Navigating Late-Stage Challenges Together
12:00	Coffee Break & Networking	
12:15	Cristina Stoica	Extracorporeal vs. Peritoneal: Personalizing Dialysis, One Child at a Time
12:45	Ramona Stroescu	Between Dose and Dialyzer: Managing Meds in Pediatric HD
Scientific session organized with the support of Jafron Biomedical		
13:15	Andrei Capitanescu	When Dialysis Is Not Enough: The Role of Hemoadsorption in Complex Patients
13:45	All Faculty	No Filters: Your Questions, Our Unscripted Answers
14:00	Closing remarks
